

Villa Sati takes its name from the Buddhist word for 'mindfulness'. It is a magnificent hideaway. Its two thatched roof pavilions dramatically merge classical Balinese alang-alang (thatch) construction with soaring contemporary expanses of glass. It has been lovingly appointed with custom designed furnishings. It has its own plunge pool.

At this time Villa Sati's owners are in residence. We would like to offer the special one bedroom rate of \$375. plus taxes and service in Villa Vajra during low season only (January 9 - June 30 inclusive, and September 16 - December 19 inclusive, excluding Easter & Chinese New Year Weeks), for a minimum of 5 nights.

If you are only interested in Villa Sati it is necessary to check on availability.
